Sermon 1. John Sweetman: Your Faith Makes a Difference (Elisha, 2 Kings 13)

This is a sermon by John calling for faith and expectation in difficult times. It is based on a dying Elisha's prophetic words to King Jehoash in 2 Kings 13:14-20. John originally preached this sermon in 2016 and if you heard it, you will remember the wheelie bin involved. The sermon has been slightly reworked and shortened for the present context. The gospel truth is, "It's time to believe for more of God's work." It emphasises the place of our faith in the powerful work of God. If you have any doubts about this theology, you should check out the sermon before using it.

Sermon 2. Mark Westhuyzen: "Your Little is Enough" John 6.

This sermon by Mark calls us to entrust what we have to Jesus, even though it's really not much. The feeding of the 5000 is one of the great miracles, but the Apostle John takes a different approach in retelling the miracle. When faced with a large hungry crowd, Jesus tests Philip's faith, and Philip fails the test, but Andrew offers one kid's packed lunch to Jesus. The Gospel Truth is that "our little is enough" for Jesus to you. Listeners are encouraged to offer up the little they have to Jesus, the God of Miracles.

Sermon 3. Mark Westhuyzen "More than Family" Mark 3

This sermon by Mark calls us to make the family of God our primary place of belonging and the group we identify with most strongly. In Mark 3 Jesus' family come to take Jesus home, but rather than walking off in shame and embarrassment Jesus' message is that whoever does the will of God is his family. By saying this Jesus radically changes the primary place of belonging and allegiance from the nuclear or extended family to the Church. Church doesn't replace family, in a way it supersedes it. The gospel truth is that, "We're more than Family."
